### Table of Toxic and Hazardous Substances and Content in this product

Part	Toxic and hazardous substances or elements					
	(Pb)	(Hg)	(Cd)	(Cr(VI))	(PBB)	(PBDE)
Circuit board component	X	○	○	○	○	○
Case component	○	○	○	○	○	○

○: This symbol indicates that the content of this toxic or hazardous substance in all homogeneous material is under the limit specified in the SJ/T11363-2006.

X: This symbol indicates that the content of this toxic or hazardous substance in at least one homogeneous material exceeds the limit specified in the SJ/T11363-2006; however, the exceeding toxic or hazardous substance in the part with a "X" cannot be solved for there is no mature technology can be used.

For the product reached or exceeds the environment-friendly use period, please recycle it in accordance with the Pollution Control and Management on Electronic Information Products instead of discard it casually.

### Package Items List

- ☑ Device x 1
- ☑ User Guide x 1 (includes package items list, product warranty card, product certificate of approval)
- ☑ Power Adapter x 1

### Attentions

#### Cautions

- Please plug the AC power plug into the AC socket which complies to the input marked on the power adapter of the accessory;
- Use in any environment with potential explosive gas is strictly prohibited;
- No one other than professionals shall open the power adapter casually to avoid dangers;
- This device is a class A product and may cause radio jamming in the living environment. Under this circumstance, users need to take practical anti-jamming measures.

#### Battery replacement:

1. Using the battery with a wrong model may lead to explosion!
2. The battery replaced shall be given to the maintenance staff for handling. Please Do not throw it into fire!

#### Important Safety Reminder

- Do not install or use the device during the weather of thunder and lightning to avoid being hit by thunder and lightning;
- Please cut off the power supply immediately when you find a suspicious smell, overheated device or smoke!

#### Suggestions

- Do not use the device close to water or in moist environment to prevent liquid from getting inside the device;
- Do not use the device in extremely cold or hot environment. For example: do not use the device close to fire or a lighted cigarette;
- Do not drop, throw or bend the device;
- Use the device in clean environment to prevent small items from getting inside the device;
- Do not use the device close to medical facilities without permission.

#### Declaration

Our company is not responsible for the following actions:

- Damages caused by the usage or maintenance which are not in accordance with the user guide;
- Damages or problems caused by options or consumables (not provided or approved by our company);
- Modifying or changing the product without our company's permission is not allowed;
- The OS of the product can be updated with update ROM released officially by our company. If users use a third-party ROM system to update or crack and change the system file, the system may be unstable and will bring safety risks and threats.

#### Disclaimer

Due to the updates of products, the details listed in this guide might be different from the products, and the products shall take precedence. Our company reserves the right to interpret this guide as well as the right to amend this guide without prior notice.

Manufacturer: Shanghai SUNMI Technology, Co., Ltd.  
Address: Room 505, Building 7, KIC, 388 Songhu Road, Yangpu District, Shanghai, PR China.

This product contains a button cell battery. If the button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death.

Keep new and used batteries away from children.

If the battery compartment does not close securely, stop using the product and keep it away from children.

If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.

#### FCC Statement

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference,
- (2) This device must accept any interference received, including interference that may cause undesired operation.

#### FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator& your body.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates,uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
